

SHAHNAWAS ADEEL

Frontend Developer | React.js • Next.js • TypeScript

Bangladesh • +8801533970377 • shahnawasadeel@gmail.com • [Portfolio](#) • [LinkedIn](#) • [GitHub](#)

PROFESSIONAL SUMMARY

Frontend Developer with hands-on experience building responsive web applications using React.js, Next.js, TypeScript, and Tailwind CSS. Skilled in API integration, role-based dashboards, real-time applications, and modern frontend development workflows. Passionate about creating scalable user experiences, collaborating within teams, and continuously learning new technologies.

TECHNICAL SKILLS

- **Frontend:** JavaScript (ES6+), TypeScript, React.js, Next.js, HTML5, CSS3, Tailwind CSS, Vite
- **State Management & Data:** Context API, Redux Concepts, REST APIs, SWR, React Hook Form
- **UI & User Experience:** Responsive Design, Framer Motion, GSAP, shadcn/ui, Radix UI, Monaco Editor
- **Backend & Database:** Node.js, Express.js, MongoDB, Firebase Authentication
- **Payments & Real-Time Systems:** Stripe API, Socket.IO
- **Tools & Platforms:** Git, GitHub, Postman, Docker, Vercel
- **Professional Skills:** Team Collaboration, Debugging, Problem Solving, Code Reviews, Clean Code Practices, Agile Development

KEY PROJECTS

CodeArena | Competitive Programming & Real-Time Analytics Platform [Live](#) | [GitHub](#)

A collaborative competitive programming platform that enables users to write, execute, and analyze code in real time while competing with others. The platform features live code execution, synchronized user interactions, performance tracking, and an integrated coding workspace powered by Monaco Editor.

- Developed responsive and reusable frontend components within a 6-person agile development team.
- Integrated real-time services to support synchronized code editing, execution, and submission workflows.
- Collaborated using Git/GitHub workflows, pull requests, and peer code reviews.
- Built interactive dashboards, notifications, and user experiences with modern animation libraries.

eTuitionBD | Multi-Role Booking & Service Marketplace [Live](#) | [Client](#) | [Server](#)

An education marketplace that connects students, tutors, and organizations through a role-based platform for tutor discovery, applications, bookings, and secure online payments. The system provides dedicated dashboards and workflows tailored to each user type.

- Built role-based dashboards for students, tutors, organizations, and administrators.
- Integrated REST APIs for authentication, bookings, applications, and data management.
- Implemented secure payment processing and validation workflows using Stripe.
- Developed responsive and reusable UI components while improving frontend maintainability through shared architecture patterns.

PROFESSIONAL EXPERIENCE

Freelance Frontend Developer | Remote | 2025 – Present

- Developed responsive web applications using React.js, Next.js, and Tailwind CSS.
- Integrated APIs and implemented modern frontend architectures.
- Collaborated with clients to transform business requirements into functional user interfaces.
- Maintained code quality through debugging, testing, and performance optimization.

Metro Optics | Eyewear E-Commerce Platform

Tech Stack: React.js, Tailwind CSS

- Developed a fully responsive e-commerce frontend using reusable React components.
- Converted design concepts into production-ready interfaces optimized for desktop and mobile devices.
- Improved user experience through clean layouts and responsive design practices.

Ayash Tech | Corporate Consultancy Portfolio

Tech Stack: React.js, Tailwind CSS, React Hook Form, Vercel

- Developed a responsive business portfolio website using modular component architecture.
- Implemented form validation and user input handling using React Hook Form.
- Optimized deployment configuration and frontend performance using Vercel.

EDUCATION & CREDENTIALS

MERN Stack Web Development Bootcamp | Programming Hero | 2025 – Present

- Training in React, Node.js, Express.js, MongoDB, and modern web development practices.
- Completed 500+ JavaScript, problem-solving, and data structure exercises.
